

RECAP: STEM Program

We were so blessed to receive a National Level STEM grant and partner with Mohawk Valley Community College (MVCC) and Rome Free Academy (RFA). We received the grant through the Community Grant Program and was

used to support a MVCC program that gives RFA freshmen an opportunity to develop skills in the areas of science, technology, engineering, and math (STEM). **Success is an understatement—this program helped them develop skills to prepare them for future education and career success!**

The *Opportunities in STEM Program* ran April 5 through May 31 at both MVCC campuses, which allowed the students to have the first-hand experience they'd need to enter the field of technology along with the skills, education, and support to pursue higher education and employment.

Not only did the grant supply students with transportation, but it also covered their school supplies and even dinner! In the completion ceremony, students and their families worked together to complete an Unmanned Ariel System UAS mission. It was amazing to say the least!

The program was successful in providing the youth access to new technologies, and help them become interested and fluent in digital learning while developing skills to help better prepare them for future education and career success.

School Clothing Drive

Every year, hundreds of local children struggle just to find clean underwear. No child should have to go to school in dirty clothes.

In August, we held a back-to-school clothing drive to gather clean outfits and undergarments for children who wouldn't have the nice new clothes that their friends' would.

Clothing needs for children is even greater this year, so **we're always gladly accepting new clothes that we can provide to those in need.**

Mobile Mission

We are taking the Mission on the road to help meet the needs of people right in our community! The Mobile Mission will offer hot meals, clothing, chapel services, outreach for homeless, veterans, and more! Change is often hard, what better way to show true care and compassion to those we serve than meeting them where they live!

Move Our Mission Campaign

To meet the vital needs of sheltering homeless families in our community, the RRM is transforming our 14,000 sq. ft. building—280 E. Dominick St.—to include new shelters, counseling rooms, a health clinic, and much more! *Once complete, we will have the ability to shelter 45 men, women and children in the new facility.*

With your help, we have an opportunity to change our community, to build futures, and make a path for success for generations! You can donate using the detachable form at the bottom of this page. Thank you for your generosity!

Food Pantry

Our food pantry is available to *all* in need. We also use food from the pantry to make baskets to give to families, as well as prepare meals in our kitchen, so family-size containers always work the best.

A few of the items that we accept are **pasta products, canned veggies and fruits, condiments, spices, coffee, creamer, and sugar.** We can always use all kinds of meat products—hamburger, chicken, pork, ham, hot dogs, deli meat, bacon, and sausage.

For a more detailed list of items you can donate, visit RomeMission.org.

"I came to the Rome Rescue Mission shelter scared and alone. The people here really care about me! I never knew that people who didn't even know me could care about me before I did..." *Mary*

A NOTE FROM THE EXECUTIVE DIRECTOR

This is a great opportunity to share the positive work going on at the Mission. I cannot begin to express my gratitude to you for your support!

We live in a very difficult time and know the sacrifices you make in order to support us, so for that I say thank you.

Our ability to provide food, shelter, and clothing is only possible by God's grace and your support!

I pray that you continue to view the Rome Rescue Mission worthy to support. Thank You and may God bless you,

Matt Miller
